

Purpose

The purpose of Harvest Ministry Network (HMN) is to provide a relational network for the purpose of relational connections, training, counseling and other growth opportunities. Additionally, to provide resources for full-time and part-time individuals in ministry.

The purpose (HMN) is not to form a denomination, or denominational-type movement. Members are encouraged to stay with the movement/organization that they are present affiliated with, if possible. Our heart and purpose is to simply come alongside leaders and churches to encourage, equip, and empower to see the kingdom of God expand.

HMN will also provide ministerial licensing and ordination to qualified applicants. HMN will only provide ministerial credentials to those who have already established a relational connection to HMN.
